

BUCKS COUNTY A.R.D. COMMUNITY SERVICE POLICY

All defendants must complete community service as part of their A.R.D. programs. All required community service hours must be verified by the Bucks County Adult Probation and Parole Department.

It is the responsibility of the defendant to submit a completion letter to the Bucks County Adult Probation Department for verification. This letter must be from the agency where community service hours were performed. This letter should state that the required community service hours have been fulfilled as well as the contact information for the agency's community service program director.

If community service hours have been verified as completed by the Bucks County Adult Probation and Parole Department, and all other A.R.D. conditions have been fulfilled prior to the A.R.D. court date, the defendant may be eligible for a 6 month probation period for both DUI and non-DUI offenses.
