

Penn-Tammany Greenway Coalition

June 11 · 🌐

The Bucks County Planning Commission has requested that we share the following information. Please keep in mind the previous safety notification is only effective for the new construction areas from Byberry Road North.

.....

After a competitive bidding process, The Bucks County Commissioners signed a resolution awarding a contract, in the amount of \$2,349,580.25, to James D. Morrissey, Philadelphia, PA to construct the Newtown Rail Trail.

- Construction will be funded via tax dollars allocated to PennDOT's Transportation Improvement Program (TIP) specifically allocated to fund trail projects on the Circuit.
- A pre-construction meeting with the contractor has been scheduled for 6/22 at which we will be requesting a timeline outlining key dates relative to construction.
- We anticipate construction to start in July 2020.
- Pennoni Associates, a Philadelphia-based engineering firm, will be overseeing the construction management of the trail on a daily basis.

Please feel free to contact me at any time with additional questions and feel free to forward this e-mail to any neighbors you feel may benefit from this correspondence.

On behalf of Richard Brahler, Director of Transportation Planning and Evan Stone, Executive Director, we appreciate your understanding and interest.

Paul W. Gordon
