Good afternoon everyone,

As part of our ongoing commitment to transparency and communication, we wanted to inform you that the second meeting of the Citizens Advisory Design Committee (CADC) was held last Wednesday evening, March 10.

While these meetings are limited to the committee members, the recorded meeting video, meeting minutes, and work materials will be available to the general public.

The meeting minutes, recorded meeting video, and information regarding the environmental work associated with the project can be accessed in the CADC Meetings folder found in the data portal located here: <https://trails-bucksgis.opendata.arcgis.com/pages/ngt2-dark-hollow>.

Please contact us with any questions.
